### EXAMINER'S STATEMENT OF REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

Regarding independent claim 17, preambular limitations of a code conversion apparatus for transcoding an LPC code, a pitch-lag code, an algebraic code, and a gain code are positive limitations which must be considered as belonging to the claim, as the body of the claim refers to the acoustic code, the first acoustic encoding method, and the second acoustic encoding method. See *In re Hirao*, 535 F.2d 67, 190 USPQ 15 (CCPA 1976) and *Kropa v. Robie*, 187 F.2d 150, 152, 88 USPQ 478, 481 (CCPA 1951). Transcoders for converting from a first encoding method to a second encoding method are generally known, but a transcoder for converting codes for an LPC code, a pitch-lag code, an algebraic code, a pitch gain, and an algebraic codebook gain, specifically, are not disclosed or reasonably suggested by the prior art. *Jabri et al.* cites Publication No. 2002/0077812, corresponding to the current application (Column 8, Lines 38 to 49: Figure 7), but is not prior art. *Mermelstein et al.* (Figure 8) represents closest prior art of record, but does not disclose a transcoder for at least producing gain codes for pitch gain and algebraic codebook gain and code correction.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
